

# ITML PANTERRA POTS

## THE PANTERRA HANGING POT

The **Panterra Hanging Pot** is designed to add value to all of your hanging plant material. The hanging pot features optimum dual drainage. The Saucerless HP features center drain with a water reservoir.

## THE PANTERRA POT

The **Panterra Pot** has a distinctive design with a textured finish. Features dual drain bottom for drainage and aeration.

## THE PANTERRA BOWL

The **Panterra Bowl** with its classic bowl design in a textured finish, features a wide base for increased stability, soil volume and water retention. Features dual drain bottom for drainage and aeration.

## THE DISTINCTIVE PANTERRA OVAL PLANTERS

The **Distinctive Panterra Oval Planters** have a textured finish and are a popular choice for many growers. Ideal for colorful flowering arrangements, herbs, annuals and tropical plants.

# ULTRA SERIES PLANTERS

Combining the best looks! The Ultra Series is the latest ITML concept. It combines two of their most popular lines the DecoStone and the Centabella to create the ultimate pot. It also has the very distinct feature of texture that gives a sandpaper-like finish. The Planters have a wide base for stability and a dual drain system for optimum drainage. The Hanging Pots feature large soil volume for larger plants, inside divider featuring center drain water reservoir and TagGrip for plant identification details.

*\*Also available in Taupe, Sandstone, and Seafoam.*

# BELDEN HANGING BASKETS

Belden's 8" and 10" three piece Hanging Gardens are the ideal containers for poinsettias, impatiens, begonias, mums, and many other plant materials for spring and summer hanging plants. Because of the three piece design, plants can be laid in the pot instead of being pushed through a hole.

Stock No.	Size	Color	No./Case	Price
205-100850WB	8	White	50	\$112.73
205-101025WB	10	White	25	102.17

# COCOBASKET

Round or square cocobaskets have flat bottom, deep basket with large soil volume. PVC coated in white or green with pre-inserted cocoliner and matching chain or wire hanger. Includes water saving plastic insert.

## WIRE & MOSS BASKETS

Sphagnum moss is attached to the outside of the wire basket and fastened with monofilament. The sphagnum moss layer is over 1.5" thick and gently compressed which slowly decompresses from the inside after filled with soil and watered. The moss layer will not come apart unlike other moss liners. Also now comes with poly water retainer built inside, but can be ordered without. Our sphagnum moss

baskets can be reused over several growing seasons. For better result and fuller finish basket don't hesitate to also plant on the sides. For that punch 1" to 1.5" holes in the moss, insert the plants root ball and squeeze back the moss to secure the plant in place. Water well and watch it grow. Each basket comes with standard heavy duty steel green wire hanger. 36" & 48" supplied with 6 strand heavy duty chain hanger.

## PLANTERS ON THE STEM – POLE BASKETS

Two piece construction (nut/bolt connection) and ready to plant. This topiary system stands 28" high (from the bottom to the top) and has 8" diameter ring stand/support. Bottom support has three holed flats for screw attachment inside wooden planters. Adjustable stabilier for variety of pot sizes. Available in wire basket only, wire basket covered with sphagnum moss or with coco fiber hand formed liner. Coated with black vinyl paint.

Stock No.	Description	Qty/Case	Price/Case

205-653MOSST	14" wire only basket	10	155.00

## SPHAGNUM MOSS & WIRE HANGING BALLS

One piece construction fully filled with compressed long fiber sphagnum moss and ready to plant. Each frame is made from large gauge galvanized wire and spot welded by our craftsman. Perfect for succulents and plants that are compact such as wax begonias and Joseph's Coat, but can be used with any plant material. The most success can be achieved by starting with small plants.

## Living WREATHS

Heavy duty wire frame welded with three wall spacers (separators) filled firmly with long fiber sphagnum moss and wrapped with mono filament for durability. 6" long chain hanger topped off with 1.25" ring attached to the wreath for convenient hanging. This wreath is ready to be planted with any plant. For best results use small plants (starter or "plugs") with small root balls.
