FELCO 600 PRUNING SAW

Rust resistant, hard-chromed blade made of high quality steel. The shape of the blade is thinner at the top and thicker at the bottom where the teeth are. This feature keeps only the teeth in contact with the material to be cut to prevent clogging and binding, since the sides of the blade never come in contact with the wood. Ergonomic comfortable non-slip handle. Cuts branches up to 4" diameter. Blade length: 6". Weight: 5.5 oz.
